

MHIET's Policy for CRSC

Presentation on ProChemist/AS

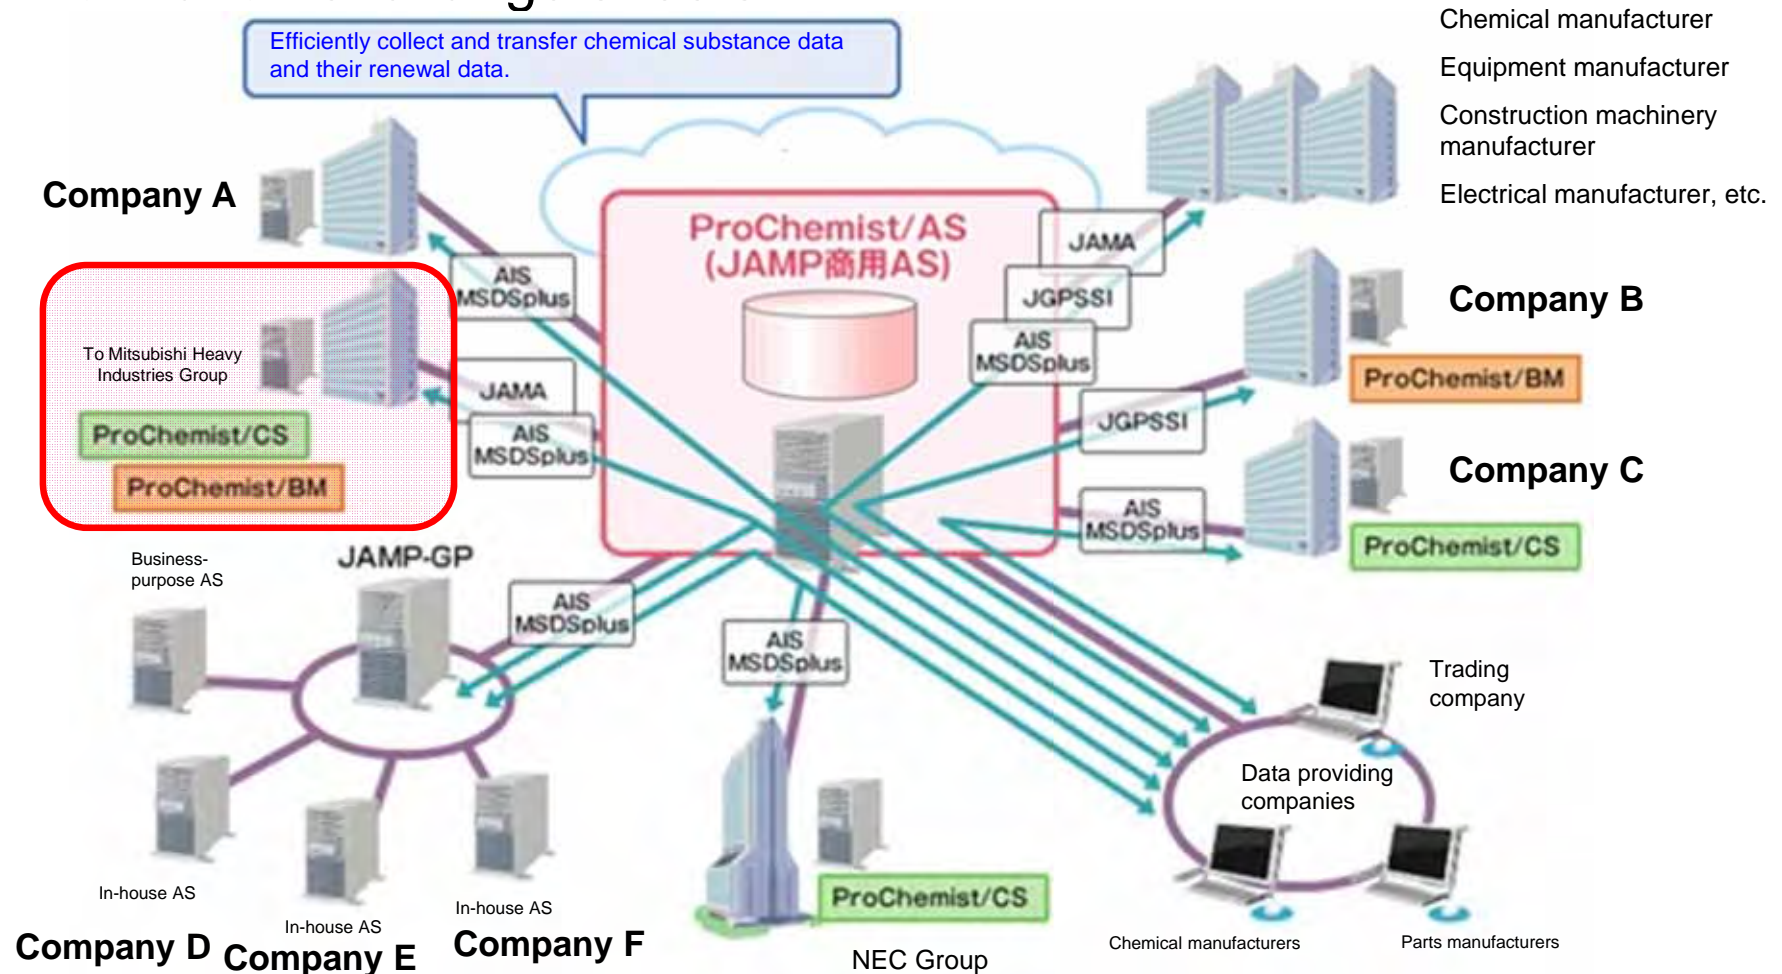

11.1.2016

MITSUBISHI HEAVY INDUSTRIES
ENGINE & TURBOCHARGER, LTD.

What is ProChemist/AS?

*Excerpted from NEC's explanatory materials

- (1) It is a cloud service administered and controlled by NEC.
- (2) It provides a system for chemical contents control.
- (3) It is compatible with JAMP, JAMA/JAPIA, JGPSSI and other information exchange sheets.

Merits of introduction

- (1) Enabling advanced information control and transfer for complying with REACH and other chemical regulations
 - ⇒ You need not prepare expensive software for environmental compliance management.
- (2) Streamlining cumbersome procedure for controlling various kinds of chemical substances
 - ⇒ You need not update the data of prohibited/controlled substances.
(Automatic updating by NEC which administers the cloud service)
- (3) Ensuring continuous control of data on chemical substances contained in products
 - ⇒ Easy and smooth data handover process is possible at the time of changing the person in charge.

In the case that you apply for the service through MHIET,

One ID will be provided free of charge.

- * For your suppliers (data providing companies) to which you request the survey, this privilege is restricted to 19 or less companies that have obtained the ID for using NEC business-purpose AS.
- * Also, it is restricted to the case where the number of stored Product AIS and MSDSplus data is less than 10,000.
- * In addition, it is restricted to the case where your system is not connected with JAMP-GP.

Basically, the ProChemist/AS service employs a system in which the charge shall be paid by the companies obtaining the data. If companies providing the data are in the existing Internet environment, they can use the service with free of charge.

For more details of free service range and paid options, contact the **following office**:

NEC ProChemist/AS Administration Office

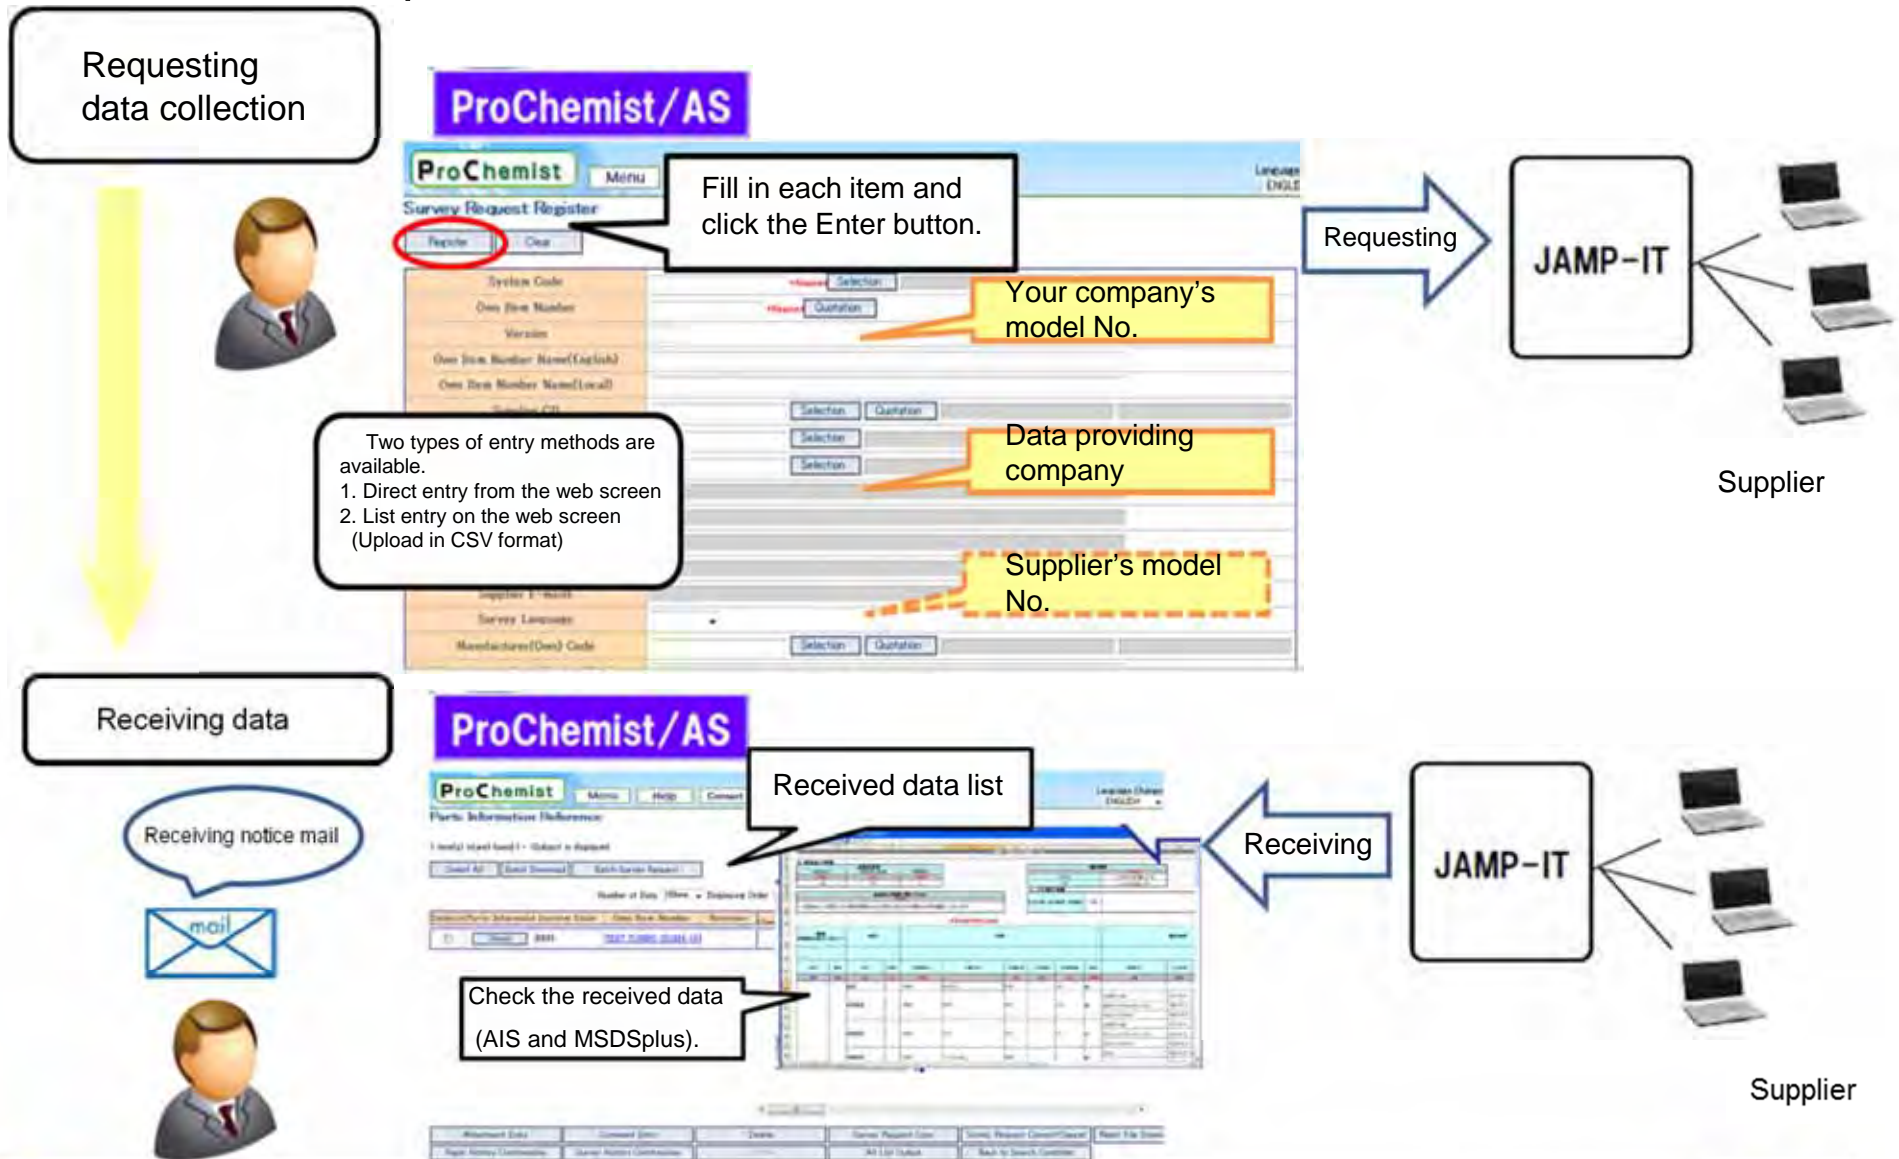

E-mail: ecosol@office.jp.nec.com

Functions

- (1) Enabling cumulative calculation of chemical substances contained in products on the web (AIS)
- (2) Allowing you to refer to various regulations and defined content of controlled substances concerning the registered products (AIS and MSDSplus)
- (3) Enabling you to send the chemical content survey request and receive the relevant data (AIS, MSDSplus, JAMA and JGPSSI) through Internet.
- (4) Saving all records of submitted response data

* Excerpted from NEC's explanatory materials

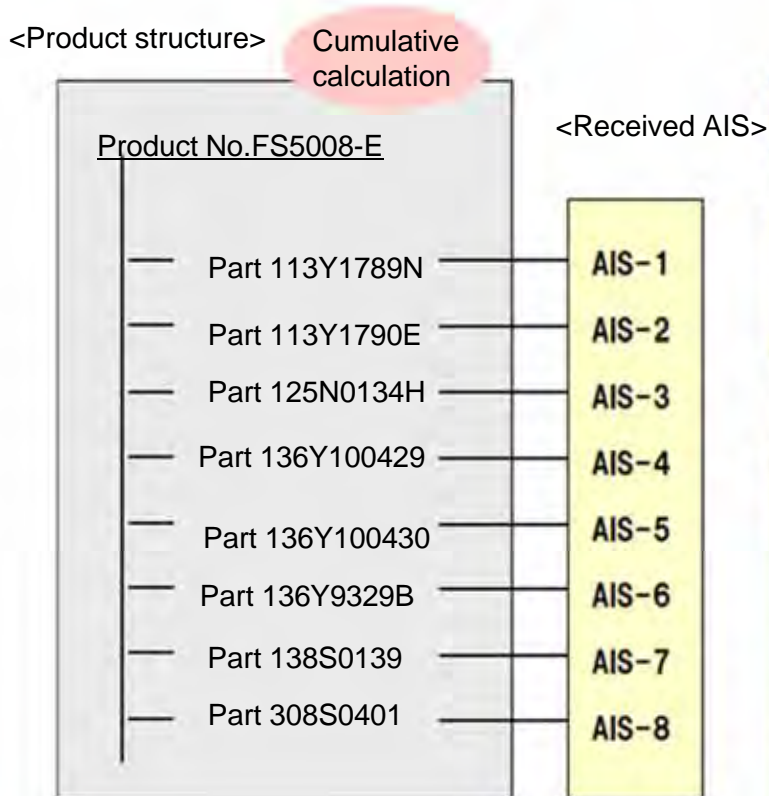

AIS and MSDSplus data collection function

* Excerpted from NEC's explanatory materials

Cumulative calculation of AIS

The cumulative content of chemical substances contained in a product is calculated based on the first-formed part AIS data and the product structure data.

AIS and MSDSplus data search function

- AIS and MSDSplus data indicating chemical substances designated by CAS No. or others are searched and listed on the screen.

Search screen

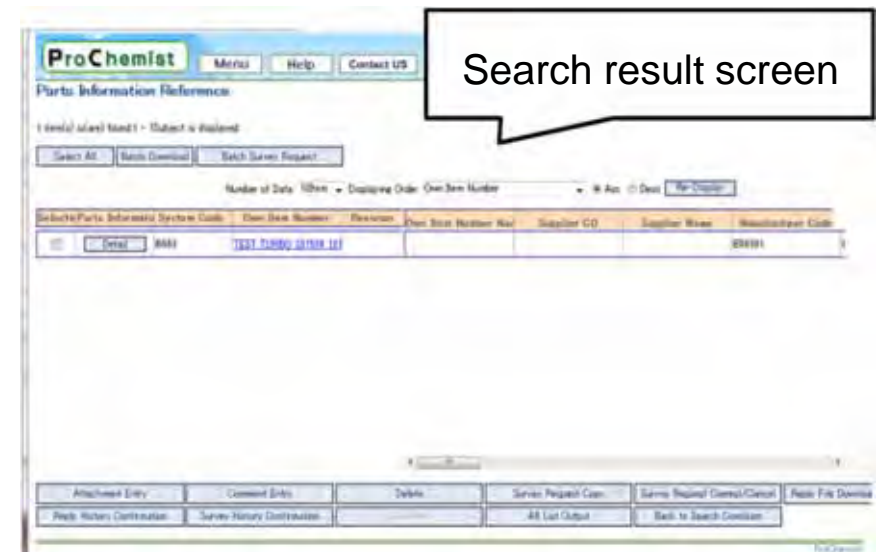

Search items based on model No, format, receiving date, etc.

Search items based on substance, regulation, etc.

Search items based on the versions of material list or chemical substance list.

Search result screen

Substance/Parts Information System Code	Chemical Name	Revision	Part No.	Supplier CD	Supplier Name	Manufacturing Code
TEST	TURBO CHARGER					

Customer support services

Help Desk Service (standard service)

- Customer support: Answering the questions about operation of ProChemist/AS
- Communication method: Responding the questions from users by e-mail
- Working languages: Japanese, English and Chinese
- Reception time: 9:00 to 17:00 on weekdays (Monday through Friday)
 - * Excluding predefined holidays for NEC (Saturday, Sunday, national holidays, spring and summer holidays, and new-year holidays)

In-company operation training and supplier support (optional service)

- Presentation meetings and operational demonstration of chemical substance control with ProChemist/AS are available for in-house users and suppliers.

Service coverage

- Data collection and submission, cumulative calculation, and searching function, as well as operation manual and Help Desk Service are available.
- Items covered by the free service are as follows:

Free service coverage

Item	Limit of free service
Number of user ID to be provided	Up to one ID
Number of available data providing companies (suppliers)	Less than 20 companies
Number and amount of AIS and MSDSplus data to be collected	No limit
Number of AIS and MSDSplus data to be stored for provision	Up to 10,000

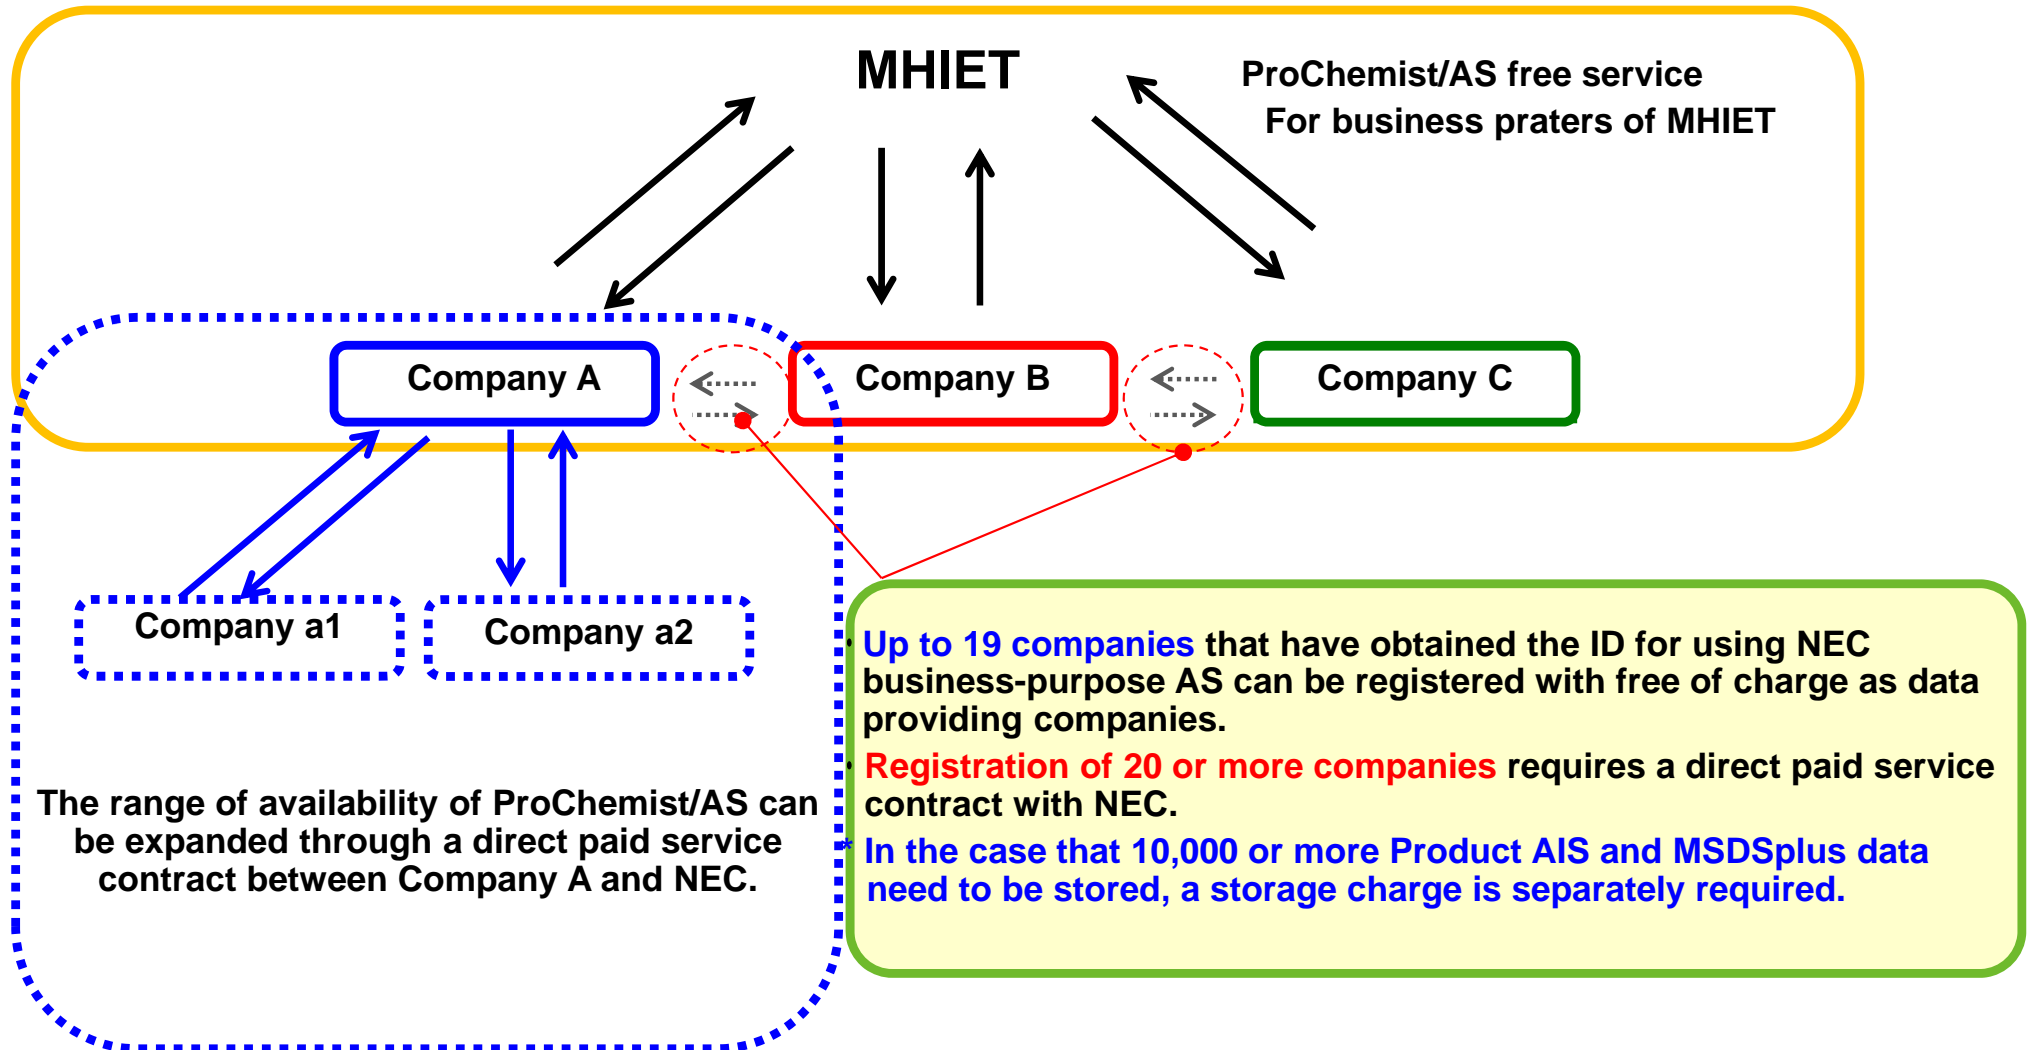

For more information about ProChemist/AS, contact:

NEC ProChemist/AS Administration Office

E-mail: ecosol@office.jp.nec.com

Establishment of an in-house chemical content control system

* **A extra cost service contract with NEC** allows our business partners to horizontally develop ProChemist/AS through their supply chains.

Service charge for paid ProChemist/AS service

Service charge

- In the case of obtaining two or more user IDs, or collecting data from 20 or more companies, the service is provided for a charge.

Example of service charge: In the case that the numbers of data providing companies ranges from 20 to less than 300:

Item	Fee	Remarks
Initial registration fee	500,000 yen	Number of data providing companies: 20 to 299
Connection fees (monthly)	500,000 yen per month	Number of data providing companies: 20 to 299
User ID monthly usage fee (per ID)	1,000 yen per month	Applied from the first ID * In the case of the free use contract covering less than 20 companies, the fee is applied from the second ID at 500 yen per month.

- The service charge varies depending on the number of data providing companies (suppliers).
- For more details, contact the following office:

NEC ProChemist/AS Administration Office

E-mail: ecosol@office.jp.nec.com

Examples of use of ProChemist/AS

Available functions of ProChemist/AS	Examples	(1) JAMP AIS	(2) JAMP MSDSplus	(3) JAMA sheet	(4) JGPSSI
Sending data and storing records	<ul style="list-style-type: none"> Registering a created AIS in AS Downloading a registered AIS Sending answers to the survey request 	○	○	○	○
Attaching data to answer mail * Additional data on other parts than those requested for survey can be sent.	<ul style="list-style-type: none"> Returning an answer mail through AS to the requesting party AIS is sent as an attached file. Storing all contents of answer mails in AS 	○	○	×	×
Searching parts containing prohibited/controlled substances	<ul style="list-style-type: none"> Searching all lead-containing parts and displaying them on the screen Indicating the contained amount and density in a homogeneous region of the relevant part on the detail data screen 	○	○	×	×
Searching applicable parts according to laws and regulations	<ul style="list-style-type: none"> Searching parts containing prohibited substances specified in RoHS Directive Indicating the contained amount and density in a homogeneous region of the relevant part on the detail data screen 	○	○	×	×
Cumulative calculation of contents of chemical substances in a registered product	<ul style="list-style-type: none"> Indicating the cumulative amount of chemical substances contained in parts composing a single unit of product 	○	×	×	×

Examples of use of ProChemist/AS (1)

Example: For checking the registered parts containing lead (CAS:7439-92-1)

(1) Click here. (Arrow pointing to 'Parts Information Reference' in the Task Menu)

(2) Enter the lead CAS. (Arrow pointing to the Substance Code input field containing '7439-92-1')

(3) Click here. (Arrow pointing to the Search button)

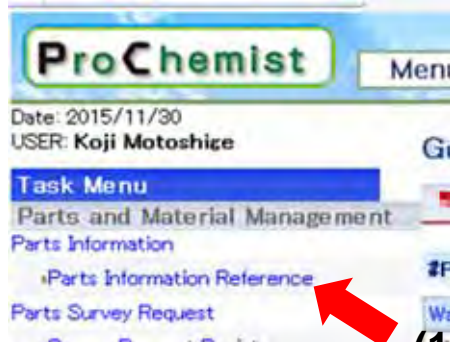

(4) Click here. (Arrow pointing to the 'Detail' button for item TEST_TURBO_201504_1011)

(5) Check that they are controlled by five kinds of laws and regulations. (Arrow pointing to the table of regulated substances)

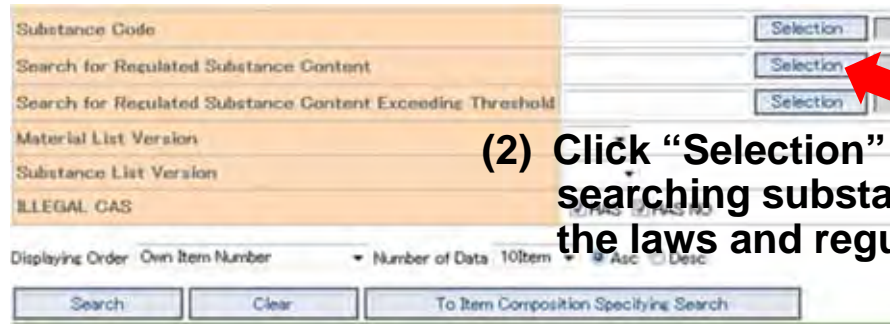

Issuing Company Item Number (JAMP)	Own Item Number	Manufacturer Item Name (English)	Manufacturer Item Name (Local)	Mass	Governing Rate(Point)(%)	Governing Rate(Parts Mass)(%)	Governing Rate(Material Mass)(%)	Governing Rate (Substance Mass)(%)
TEST_TURBO_201504_1011	TEST_TURBO_201504_1011		BEARING THRUST	18.3g	100	100	100	61.5

Regulation Code	Regulation	Version	Regulated Substance	Threshold Judgment
EU01	RoHS	JAMP List Ver. 4.040	exist	Out of Judgment
EU02	ELV	JAMP List Ver. 4.040	exist	Out of Judgment
EU03	CLP Annex VI CMR 1.2	JAMP List Ver. 4.040		Out of Judgment
EU04	REACH Annex XVII	JAMP List Ver. 4.040	exist	Out of Judgment
EU05	REACH Candidate	JAMP List Ver. 4.040		Out of Judgment
EU06	POPs	JAMP List Ver. 4.040		Out of Judgment
JA01	GADSL D/P	JAMP List Ver. 4.040	exist	Out of Judgment

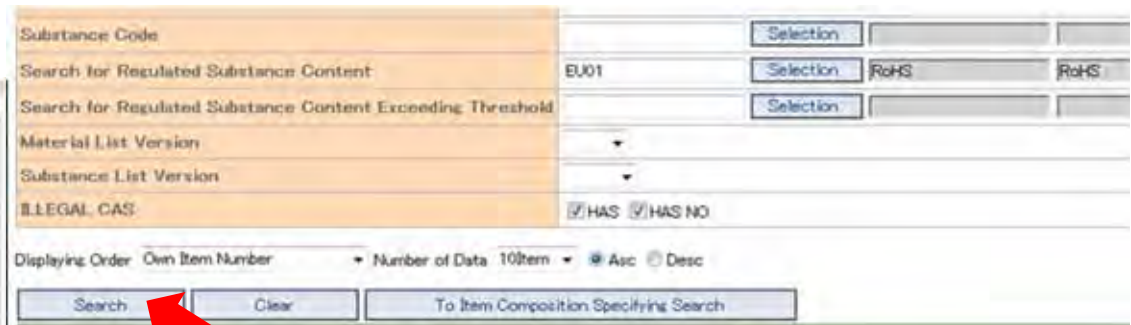

Example: For checking the data on registered parts containing substances controlled by RoHS Directive

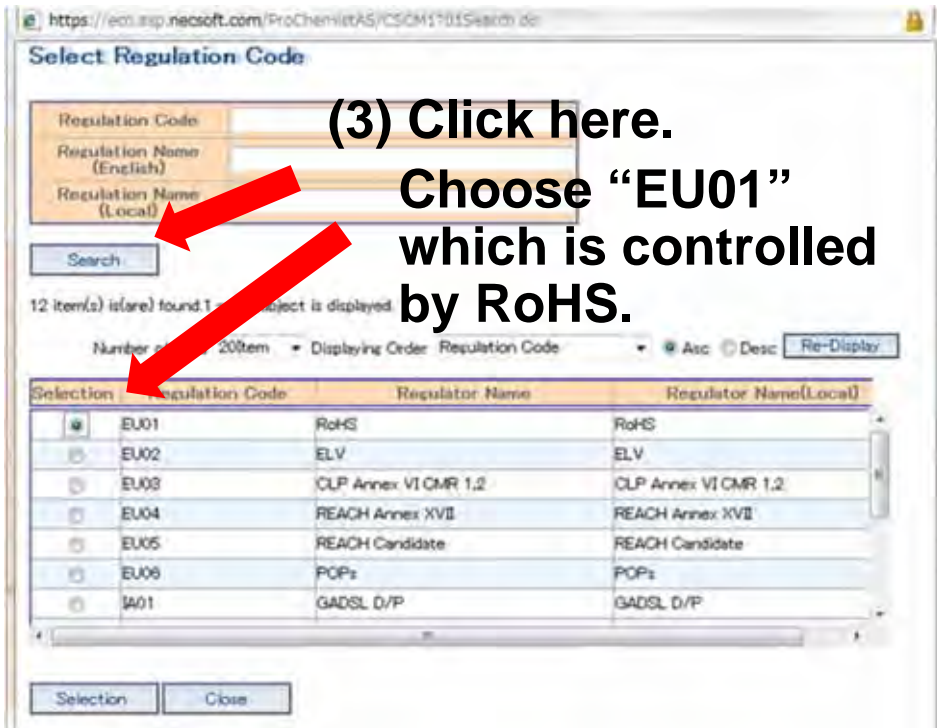

(1) Click here.

(2) Click "Selection" in the frame for searching substances controlled by the laws and regulations

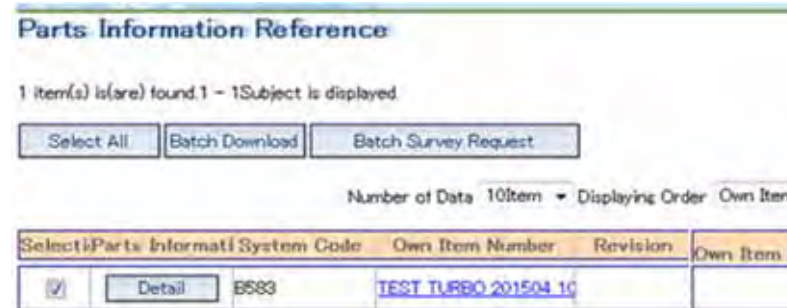

(4) Click here.

(3) Click here.
Choose "EU01" which is controlled by RoHS.

(5) The relevant parts are displayed.

For questions about operations of ProChemist/AS, contact the following address:

NEC ProChemist/AS Help Desk

E-mail: procas-helpgl@nes.jp.nec.com (English/Chinese)
procas-helpjp@nes.jp.nec.com (Japanese)

Since there may be cases where we will call you for confirmation, please notice your phone number to us in the text of e-mail.

Fill out the application form and send it to Environmental Substances Control Support Center of MHIET.

<Send the application form to the following address>

**Environmental Substances Control Support Center,
Mitsubishi Heavy Industries Engine & Turbocharger, Ltd.**

Application for Use of ProChemist/AS
(Only for free use by partners of ...)

Be sure to fill in the blanks in No. 1 through No. 3.
For new applicants for ProChemist/AS, please read and agree to the ProChemist/AS Service Conditions (PDF:11-653) first, and then fill in the blanks in No. 3.

* is required Date: _____

1. Company Information

Company Name	Japanese			# Japanese only
	English	NEC Corporation		# Japanese only
Address* (head office)	Zip	108	8001	
	Hiragana			
7-1 Shiba 5-chome, Minato-ku, Tokyo				

2. ProChemist/AS registration and ID

* Inform us if you are already registered for ProChemist/AS.
If you are already registered for ProChemist/AS, enter the "Supplier Web Company ID" specified in the Use Notice.

ProChemist/AS registration and ID	<input checked="" type="checkbox"/> Not registered yet	<input type="checkbox"/> Already registered (Supplier Web Company ID)	<input type="text" value=""/>
(If already registered) Addition of ID	<input type="checkbox"/> Not add a new user ID	<input type="checkbox"/> Add a new user ID to the existing company ID	<input type="checkbox"/> Request a new company ID

3. ProChemist/AS User Information

User Information (in the case that you are already using ProChemist/AS, specify the current user information)

- For new applicants for ProChemist/AS, please read and agree to the ProChemist/AS Service Conditions (PDF:11-653) first, and then, fill in the blanks.
- In the case that you are already using it, please specify the current user information.

* In the case of any change of the user information please follow Mr. or Ms. ... of REC ProChemist/AS Help Desk.
* The user information may be used as the contact information for the following purpose.
- For confirmation or notification about this application for ProChemist/AS.
- For confirmation or notification from Mr. Mr. ... about chemical control survey.
* This application is intended only for free use service. For paid services, another form of application is required.

Privacy Policy
 * We will use your Personal Information only within the scope of the purpose of ProChemist/AS service.
 * Our Privacy Policy is listed in NEC's Website (http://www.nec.co.jp/ais/privacy.html).

1. Company information

Enter your company name and address (head office).

➤ In the case that you are already using ProChemist/AS: Also enter the names of division, department or section in addition to the company name in order to distinguish from the existing user company ID.

2. ProChemist/AS

➤ In the case that you are not yet using ProChemist/AS:

- ProChemist/AS registration and ID
Put a check mark on "Not registered yet".
- In the case that you are already using ProChemist/AS:
ProChemist/AS registration and ID
Put a check mark on "Already registered".

Supplier Web Company ID
Enter the "Supplier Web Company ID" specified in the Use Notice for ProChemist/AS.
* It should be noted that the Supplier Web Company ID is not the log-in user ID.

Addition of ID
Put a check mark on "Request a new company ID".

How to fill out the form ①-2 ProChemist/AS: For responding after newly obtaining the company ID

Application for Use of ProChemist/AS
(Only for free use by purchasers of Mitsubishi Heavy Industries, Ltd., Sauer-Danuser Machinery Works)

Be sure to fill in the blanks in No.1 through No.3.
For new applicants for ProChemist/AS, please read and agree to the ProChemist/AS Service Conditions (TTPS-11-683) first, and then, fill in the blanks in No.3.
